

A JOURNEY TO HOPE

Swaziland

Remar has been working in the small kingdom of Swaziland since 2001. With a little more than 17,000 kilometres and a million people, this country has not escaped the social problems of addiction and exclusion, that's why the NGO Remar remains there centres opened throughout the years to help and to care for people in need. We mainly work with children in this country, around 95 % of the members are children sent to us by Swaziland's Social Security or the Police Services.

CENTERS

We currently have 3 centres; our first centre is located in Trelawney Park Plot 49, which is at the entrance of the city of Manzisi. In this centre we have the central office, a shop, a community hall, a warehouse and a home for teenage boys. The second centre is in a residential area in Manzini, Fair View South, which is a children's home for kids between eleven and sixteen. Our third centre is also located Fair View South, it is divided into three sections, which is the women section which has girls between the ages of sixteen to nineteen, then we have 2 family sections.

ATTENTION TO THE YOUTH ►

We seek to train young people at risk, developing their skill and teaching them different jobs through workshops and apprenticeships. We also offer different activities for the youth of our centre's such as a Biblical-Educational Program, at the AWANA Project; as well as Youth Meetings which deals with the prevention of delinquency, drugs, alcohol and social depravity.

ATTENTION TO WOMEN ►

The women who come in to are centre's are women in distress and have been abandoned with kids which are then placed into are Protection Programs. So far we have one centre in Fair View South where we attend the needs of eleven girls from sixteen to nineteen.

ATTENTION TO EDUCATION ►

120 kids without resources attend are school every year.

ATTENTION TO INFANTS

We try to meet the needs of the children with their necessities such as food, shelter, clothes, basic health care and education, we offer this through different programs such as care homes, free schools, soup kitchens and health care.

ATTENTION TO THE FAMILIES ►

We have opened up two homes to help restore family ties between parents and children.
